Notice of Public Hearing

The West Virginia Department of Environmental Protection is holding a public hearing on December 14, 2022, in the Follansbee Community House, at the Follansbee Park from 5pm – 8pm.

The purpose of the meeting is to discuss the request for an **AIR PERMIT** by Empire Green Generation to build and operate a Medical Waste Treatment facility within the boundaries of the City of Follansbee.

It will be located at the former site of the Koppers Chemical Facility. This will be the only opportunity for residents to oppose and/or (support) this facility and to ask questions about noise, traffic, safety, type of medical waste, radioactivity, contamination, and etc., related to this.

Residents need to know that all the medical waste to be treated originates outside of the City of Follansbee, with the majority coming from outside the state of West Virginia.
